Dear Sir- we have your request for our catalog. As we have only a small nursery, we issue only a price card. Our folder is old but we continue to use it, as most of it is still true.

We enclose our new price card and a couple of copies of the folder.

We also have a few heartnut and black walnut seedlings. And by another year hope to have another seedling filbert to put on the market.

Respectfully,

Mrs. H.EL Altman
